

Jabra VXi V-Series Wireless Headset Systems

Stay connected with this range of affordable, everyday wireless headsets.

The VXi V-Series headsets cover the office connectivity spectrum, with models connecting to desk phone only, desk phone and softphone, and desk phone, softphone and mobile. The V-Series provides wireless freedom up to 350 ft from the base, and each model offers great sound and a choice of three wearing styles.

Connectivity choices for a more productive workday

The V175 is a single-connectivity wireless headset that works with your office desk phone. With the V200, you can take calls on your desk phone and PC. While the V300 lets you connect to your desk phone, PC and smartphone.

Wireless freedom

All V-Series models use DECT technology that enables you to move up to 350 feet from the base. And with the optional VEHS Electronic Hook Switch, you can answer and end calls away from your desk.

All day comfort and custom fit

Talk all day in comfort on a single charge (up to 10 hrs). Choose your wearing style from over-the-head, over-the-ear and behind-the-neck.

Reasons to choose

Jabra VXi V-Series Wireless Headset Systems

- Connect to your desk phone (V175), desk phone and PC (V200) or desk phone, PC and smartphone (V300)
- Enjoy up to 350 ft of great-sounding wireless freedom
- Talk all day on a single charge (up to 10+ hours)
- Be heard clearly with superior noise-cancelling microphone technology
- Choose your wearing style: headband, ear hook or neckband
- Answer and end calls remotely (with optional Electronic Hook Switch)
