

Jabra Elite 8 Active - Caramel

Can I use just one of my Jabra earbuds?

Yes, you can use the right or the left earbud individually for playback of music or calls.

To activate mono earbud mode, place the unused earbud in the charging case. When you remove both earbuds from the charging case, the left and right earbuds will automatically relink and enter stereo mode.

Note

For Android devices, stereo mixing must be enabled by selecting the AAC or SBC audio codec in the Developer options on your smartphone.

View the following table for how to manage calls and music in mono earbud mode.

The explanations are in English. For other language versions, refer to the translated user manual in the *Product documents* section on the support page for your product.
